Public Notice No: 03/2020

Subject: Generation and quoting of Document Identification Number (DIN) on any communication issued by the officers of the Central Board of Indirect Taxes and Customs (CBIC) to tax payers and other concerned persons-Reg.

Attention of all the Exporters (exporting goods from Air Cargo Export, New Delhi), Customs Brokers and Members of the Trade is invited to the Circular No. 37/2019 dated 05.11.2019 issued by the Commissioner (Investigation-Customs), CBIC regarding generation and quoting of Document Identification Number (DIN) on any communication issued by the officers of the Central Board of Indirect Taxes and Customs (CBIC) to tax payers and other concerned persons.

2. In tune with the Government's objectives of transparency and accountability in Indirect Tax administration through widespread use of information technology CBIC has specified that the DIN monitoring system would be used for incorporating a DIN on search authorizations, summons, arrest memos, inspection notices, Show Cause Notices, Orders-in-Original (OIO), letters of personal hearing, letters issued in the course of any enquiry etc. Further, a facility was provided to enable the recipient of these documents/communications to easily verify their genuineness by confirming the DIN on-line at cbic.gov.in. In continuation of the same, the Board, vide its Circular No. 43/2019 dated 23.12.2019, has now directed that electronic generation and quoting of Document Identification Number (DIN) shall be done in respect of all communications (including e-mails) sent to tax payers and other concerned persons by any office of the Central Board of Indirect Taxes and Customs (CBIC) across the country.

3. Accordingly, the online digital platform/facility already available on the Directorate of Data Management's (DDM's) online portal 'cbicddm.gov.in' for electronic generation of DIN has been suitably enhanced to enable electronic generation of DIN in respect of all forms of communication (including e-mails) sent to tax payers and other concerned persons. On the one hand electronic generation of DIN's would create a digital directory for maintaining a proper audit trail of communications sent to tax payers and other concerned persons and on the other hand, it would provide the recipient of such communication a digital facility to ascertain the genuineness of the communication.
