**Procedure to be followed by the exporters for rectification of error :-**

**(ii)SB001: Invalid Shipping Bill Number**

This may occur due to a mismatch between the SB No. furnished in GSTR-1/6A and the SB No. with customs. The possible reason for such mismatch could be a clerical error made by the exporter at the time of filling of GSTR-1/6A, which can be rectified by making amendments in GSTR-1 by using Form 9A. Form 9A has been made available by GSTN w.e.f 15.12.2017 in exporter's login at the GST Common Portal. Action :- Exporter shall rectify the GSTR-1 by using exporter at GST portal.

**(iii)SB002: EGM not file Action :- Exporter may approach the Shipping Lines to file the EGM immediately.**

**(iv)SB003: GSTIN mismatch**This error occurs when GSTIN declared in the SB does not match with the GSTIN used to fill the corresponding GST Returns.

Action :- The Exporter may be asked to make necessary adjustments in GSTR-1 by use of amendment Form 9A. However, it is to be noted that there is no provision of amendment in the Shipping Bill once the EGM is filed. **(v)SB004: Record already received** This error code occurs due to duplicate/repeat

transmission of SB-Invoice record from GSTN. The previous transmission would have already been validated for IGST refund by ICES. Action :- This error shall be validated by the Customs. **(vi)SB005: Invalid Invoice Number**

This is the most common error faced by the exporters, which occurs due to mismatch of invoice number as declared in the Invoice Table in the SB and that declared in the GSTR 1 for the same supply. This can happen due to: a) Typographical mistake while entering data in GSTR 1 or the SB.

b)The exporter uses two sets of invoices, one invoice for GST and another invoice for exports resulting in mismatch of invoice numbers.

Action :- If SB005 is due to a data entry mistake in GSTR 1, it can be amended now in Form 9A. Further the Exporter may get the validation on payment of Rs.1000/- as fee for correlation and verification of the claim. **SB006: Gateway EGM not available** In case of ICDs, if the Gateway EGM is not filed electronically or is stuck in some error, response code SB006 shall appear.

Action :- In case of pending Gateway EGMs, Shipping Lines may be approached at gateway ports to file supplementary EGMs expeditiously.
